

## Seeking an Afghanistan Director of Logistics

Planate Management Group Afghanistan Inc. and a leading Afghan Procurement and Logistics company are jointly seeking a Director of Logistics to join their staff in Kabul, Afghanistan.

Planate Management Group (PMG) Afghanistan Inc. is a veteran-owned small business with offices in Virginia and Kabul, Afghanistan. PMG Afghanistan is composed of management and consultation experts worldwide who focus on complex installation management challenges and inter-relationships.

Our Afghan Procurement and Logistics partner is one of the premier, emerging growth Afghan logistics firms with a proven track record of delivering results on logistics support and transportation in Afghanistan; they are considered one of the most reputable and ethical Afghan firms by US firms operating in country with revenues nearing \$2M in less than two years.

### Duties include:

- Perform as the Logistics Director to the Afghan principal of Procurement and Logistics. Assist in strategy, communications, marketing and leadership.
- Act as PMG Afghanistan's Technical lead for logistics and procurement operations in Central Asia.
- Assist and oversee Afghan operations structure for current logistics and transportation support throughout Afghanistan.
- Act as key interface with US government, military service logistics functions, other international logistics functions, and other multinational prime contractors.
- Technically interface day to day within office of over 15 personnel in downtown Kabul with operations throughout Afghanistan and new work occurring in Central Asia.
- Attend key meetings in Kabul to include industry discussions and other International contracting forums.
- Assist in proposal writing, estimates and coordination with PMG and other US agents.
- Resolve field disputes and change orders with key US/International clients.
- Assist the CEO of Afghan firm in understanding multinational processes and formulate constructive strategies to increase revenue and quality
- Act as a key consultant and mentor to Afghan employees

### Qualifications:

- Former Navy, Marine Corps or Army Logistics Operations Leader with 7-15 years experience.
- Culturally sensitive to Islamic customs.
- Team builder and mentor for multinational workforce
- Acceptance of the current security situation in Afghanistan.
- Be able to hold a security clearance if required

### Benefits:

- Competitive base salary with:
  - Complete life support package with other PMG/US Nationals including vehicle use and driver
  - Berthing & messing
  - Security
- Incentives associated with growth of Afghanistan Procurement and Logistics business.
- Flexible home leave of 2 weeks every 90 days plus travel
- One weekend leave every six weeks as desired
- Medical evacuation and health insurance
