

**Match Report
for the
16 June Ruger Rimfire Steel Rifle & Pistol Match**

It was a fine Father's Day, blessed with beautiful weather. Several wives, sons, and daughters chose to participate with the Dads in their lives as a gift on this day.

We had a record turnout for this relatively new match-program with over 30 shooters participating.

The number of female shooters is growing – that is excellent news.

We also had one of our Club-sponsored Paralympians participate with us on a trial-basis. This was Dayton Webber's first encounter with the RF Steel Course-of-Fire and he did quite well.

The next drawing for the Beretta Neos prize-pistol will most-likely take-place at the July or August matches. All participants receive one raffle-ticket for the Neos. Winners of their classes (including special-recognition classes) each receive 5 extra raffle-tickets.

Our next match is scheduled for July 21st at 9 AM. We hope to see you there.

Match Scores:
